PROFESSIONAL SUMMARY

Motivated BCA final-year student with hands-on experience in MERN Stack development (MongoDB, Express.js, React.js, Node.js). Skilled in building responsive and user-friendly web applications using modern JavaScript frameworks. Strong problem-solving abilities with a passion for developing real-world solutions. Seeking an entry-level MERN Stack Developer role to learn, grow, and contribute to the organization.

EXPERIENCE

Intern – Frontend Developer

INTENEXT SOLUTION PVT.LTD

JULY 2025

- responsive Training Center website using React.js, HTML, CSS, and JavaScript deployed on Netlify.
- Designed and developed the WDM (Work/Data Management) System – Frontend only using React.js and tailwind CSS
- Designed full UI/UX layouts and implemented responsive features.
- Performed SEO optimization to improve organic traffic and keyword visibility across projects.

Intern - Mern Stack Developer

SAIKET SYSTEM

OCTOBER 2025 – NOVEMBER 2025

I completed my internship at Saiket System Application, where I worked on MERN stack-based projects.

- Developed an AI-based Chatbot Application using MongoDB, Express.js, React.js, and Node.js (MERN Stack) and designed the UI using Tailwind CSS
- Developed URL Shortener and Recipe Application using React.js, Node.js, Express.js, and MongoDB.
- Created responsive UI components and dashboards
- Implemented routing and state management
- Integrated APIs with frontend for dynamic data handling

PROJECT

JUNE 2025 – DECEMBER 2025

- *Academics or Training Center :*
Developed an Academics and Training Center project featuring skill-based courses, practical learning modules, modern UI, responsive design, and SEO-optimized structure to provide users with a smooth, effective, and professional experience.
- *Pixabay Clone :*
React.js-based project with image search, filters, and API integration.
- *Recipe Restaurant:*
Dynamic recipe search app using React.js, API integration, and responsive UI.
