Objective

Detail-oriented and results-driven Senior Software Developer with 2+ years of experience in professional web development. Skilled in building responsive, high-performance websites and web solutions using modern technologies and best coding practices. Passionate about crafting clean, efficient, and scalable code while ensuring seamless user experiences. Seeking a challenging role where I can leverage my expertise in web development, problem-solving, and optimization to drive innovation and create impactful digital solutions

Experience

- **Alpha Developer Team** July 23 - Present
Sr. Software Developer
 - Lead the development and optimization of web solutions, ensuring high performance and scalability.
 - Successfully completed over 50 live website projects, delivering solutions that meet client requirements and business objectives.
- **Alpha Developer Team** January 23 - June 23
Software Development Intern
 - Completed a 6-month internship and continued working in the company, gaining extensive experience in web development.
 - Developed and maintained responsive websites using modern web technologies.

Education

- **BAMU University** 2018-2021
Bachelor of Computer Science
- **MGM University** 2021-2023
Master of Computer Applications

Skills

- HTML
- CSS
- WordPress
- Javascript
- Shopify
- MySQL
- Bootstrap
- PHP
- Figma
- Adobe XD

Projects

- **EOD Website (<https://eod.media/>)**
 - Technology: WordPress, MySQL
 - Replicated a provided Figma design into a fully functional WordPress website.
 - Ensured pixel-perfect accuracy, responsive design, and seamless user experience across all devices.
- **Priincezz (<https://priincezz.in/>)**
 - Technology: Shopify
 - Built a Shopify store from scratch to showcase premium sleepwear collections, making browsing seamless and visually delightful.
 - Integrated Razorpay for smooth online payments and Delhivery for delivery logistics, to ensure a reliable end-to-end shopping experience.
 - Focused on clean product presentation, easy navigation, and mobile-friendly design so customers can

shop comfortably from any device.

- **Rangsei (<https://rangsei.com/>)**
 - Technology: Wordpress, Woocommerce,MySQL
 - Developed an e-commerce website for Rangsei, a brand offering curated fashion products.
 - Integrated Razorpay for secure and seamless online payments.
- **Aartrium Design Studio (<https://aartriumdesignstudio.com/>)**
 - Technology: WordPress, MySQL
 - Built a responsive WordPress website from the ground up with a custom design that reflects the studio's brand.
 - Added features like project galleries, contact forms, and SEO tools using plugins and light custom coding.
 - Focused on speed, mobile-friendliness, and a smooth browsing experience for visitors.
- **Cocoon Preschool (<https://www.cocoonpreschool.co.in/>)**
 - Technology: WordPress, MySQL
 - Created and styled a welcoming, education-oriented website for Cocoon Preschool & Daycare, making it easy for parents to explore programs, see galleries, and get admission info.
 - Organized content clearly (programs like playgroup, nursery, KG, daycare; locations; teacher-training) and built features like parent testimonials, gallery view, contact forms, and event sections.
 - Made sure the site works well on mobile and desktop, with good performance, intuitive navigation, and a warm, friendly vibe to match the preschool's mission.
- **Studio Minds Eye (studiomindseye.com)**
 - Technology: HTML, CSS, Bootstrap, JavaScript
 - Developed a responsive website for Studio Mind's Eye, an art and design studio
 - Showcased the studio's services, including interior design, art consultation, graphics and illustrations, and architectural 3D renders.
