KEY PROJECTS

Princess Nightwear — Shopify eCommerce Website

princessnightwear.com

Tech Stack: Shopify, HTML, CSS, JavaScript

Designed and customized a premium Shopify-based eCommerce storefront for a nightwear brand catering to men and women. Delivered responsive UI development, optimized product and collection page layouts, and implemented a conversion-focused shopping experience. Enhanced website performance and visual aesthetics, resulting in improved mobile usability and smoother navigation.

Kacchi Kairi Farms — WordPress Business Website

kacchikairifarms.in

Tech Stack: WordPress, PHP, MySQL, HTML, CSS, JavaScript

Designed and developed a responsive WordPress website for an agriculture and farm-based business. Created a clean, informative layout showcasing products, services, and brand identity. Prioritized SEO-friendly site architecture, fast page loads, and an intuitive CMS structure for easy content updates by non-technical stakeholders.

The Global Constructions — Corporate WordPress Website

theglobalconstructions.com

Tech Stack: WordPress, Elementor, HTML, CSS, JavaScript

Built a professional corporate web presence for a construction and infrastructure contracting firm. Developed dedicated service pages, project showcase galleries, and a responsive contact system. Leveraged Elementor for precise layout control while ensuring cross-device compatibility to strengthen the company's digital authority.

Rangsei — WordPress eCommerce Website

rangsei.com

Tech Stack: WordPress, WooCommerce, PHP, HTML, CSS, JavaScript

Developed and customized a full-featured WooCommerce-powered eCommerce website for a fashion and clothing brand. Implemented responsive product catalogue pages, cart and checkout flows, and optimized product display layouts to enhance customer journey and drive online sales performance.
