TECHNICAL SKILLS

- **Frontend:** Next.js, React.js, Redux Toolkit, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Daisy UI, Responsive Design, UI/UX Principles
- **Backend:** Node.js, Express.js, RESTful APIs, JWT Authentication
- **Database & Cloud:** MongoDB, AWS, Render, Vercel
- **Tools & Platforms:** Git, GitHub, Postman, Chrome DevTools, VS Code, Cloudinary
- **Other Skills:** Problem Solving, Cross-Browser Compatibility, Web Performance Optimization, Payment Integration, Testing (Jest, React Testing Library)

WORK EXPERIENCE

Walsis eConnect India (P) Limited

Junior Full Stack Developer

Dec 2025 - Present

- Assisted in developing responsive web applications using the **MERN stack and Next.js**, following modern development practices and SDLC.
- Wrote clean, maintainable code and built reusable components, API integrations, and basic documentation.
- Improved application performance and user experience through debugging, modern tools, and security best practices.

CommuSync

Full Stack Developer Intern

July 2025 - Oct 2025

- Built reusable React components, improving page load speed by 30%.
- Developed secure REST APIs with JWT authentication, reducing backend response time from 450ms to 180ms.
- Collaborated with teams, introducing modular code practices for faster feature delivery.

Aagaaz Training Centre

Full Stack Developer Intern

May 2025 - June 2025

- Practiced full-stack development using MERN stack, building responsive applications and reusable components.
- Gained experience with REST APIs, Git, debugging, and modern workflows while improving code quality.

PROJECTS

Doctor Appointment Booking Platform (MERN, Razorpay, Cloudinary)

Jan 2026

- Built and deployed a doctor-patient appointment system with payment integration (Razorpay), secure role-based and Admin dashboards.
- Deployed on Render, handling 150+ test bookings during initial rollout.
- Implemented image/document storage via Cloudinary for prescriptions.

AI Quiz Generator (MERN Stack and Gemini)

April 2026

- Built an AI-powered full-stack quiz platform enabling users to generate quizzes from text, PDFs, images, and YouTube URLs, with automated question generation, detailed explanations, and customizable difficulty levels.
- Implemented interactive quiz flow, leaderboard, performance tracking, and review system using React.js, Node.js, Express.js, and MongoDB, enhancing user engagement and learning analytics.

LERNIX – Learning Management System (LMS)

Dec 2025

- Built a full-stack MERN LMS with Google login via Clerk and Stripe payment integration.
- Implemented role-based access for students and educators, allowing students to become educators.
- Developed course progress tracking and educator dashboards, with responsive UI using Tailwind CSS for cross-device compatibility.

Personal Portfolio

Dec 2025

EDUCATION

NSIT, Bihta

B.Tech in Computer Science and Engineering - 8.7 CGPA

June 2023 - May 2026

AWARD

1st rank in B.tech Netaji Subhas Institute of Technology, Bihta
